

After Recording return to:

IMPERVIOUS SURFACE LIMIT COVENANT

IN CONSIDERATION OF the approved King County _____ permit for application No. _____ relating to real property legally described as follows:

The undersigned as Grantor(s), declares that the above described property is hereby established as having a limit to the amount of impervious surface allowed on the property for the purpose of limiting stormwater flows and is subject to the following restrictions.

The Grantor hereby covenants and agrees as follows: no more than _____ square feet of impervious surface coverage is allowed on the property. Impervious surface means a hard surface area that either prevents or retards the entry of water into the soil mantle as under natural conditions before development; or that causes water to run off the surface in greater quantities or at an increased rate of flow from the flow present under natural conditions prior to development. Common impervious surfaces include, but are not limited to, roof, walkways, patios, driveways, parking lots, or storage areas, areas that are paved, graveled or made of packed or oiled earthen materials or other surfaces that similarly impede the natural infiltration of surface and storm

water. King County shall have a nonexclusive perpetual access easement on the Property in order to ingress and egress over the Property for the sole purposes of inspecting and monitoring the Property's impervious surface coverage.

This easement/restriction is binding upon the GRANTOR(s), its heirs, successors and assigns unless or until a new drainage or site plan is reviewed and approved by the Department of Development and Environmental Services or its successor.
